

Board of Supervisors,

Thank you all for your public service. I recently read the zMOD document posted on the Fairfax County website and have serious concerns about how it will impact the environment and quality of life in my suburban community. It is my opinion that zMOD deserves greater visibility and input from the citizens that will be impacted. This is especially true considering the fact that the COVID-19 pandemic has caused major disruptions and distractions to your citizens. I ask that the BOS give people more time to understand zMOD and not rush it through the approval process without proper public discourse.

Please vote "NO" to zMOD on Tuesday (03/23).

Sincerely,
Melvin Laney
